

Our parents said:

Pre-School kept in touch regularly during difficult time through Covid on tapestry etc. This was a lifeline for me as I was suffering from anxiety. & that bit of normality even if it was just a quick call really

Every day you are greeted with the warmest welcome and they take time to listen to your needs. My child settled so quickly as it felt like a home from home.

Green Lane preschool has been amazing in teaching my son, dealing with his illness and condition and always keeping him safe. Great communication and amazing staff.

V has always been happy and love everyone around her. Thank you all for such an amazing support and care that you been provided...her confidence is outstanding.

My child joined Green Lane after already attending another Pre-School and I feel my child made so much more progress with his speech, his understanding of the world and sharing and so much more with Green Lane! The staff were amazing!

They make them feel confident and safe, developed language skills, huge variety of activities.
