### Top Tips

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey?

**Use practical resources** – Counting objects around the home, making piles of 0, 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10, and then counting them in order to 10 and back.....use sweets, lego, fruit, stones, leaves etc

**Hunt for numbers** - Look for numbers up to 10 around the home and when you are out and about.....can they count on or back from that number?

**What can they do in 10 seconds?** Take it in turns with your child to count while the other performs the task, e.g star jumps, building a lego tower etc.
