& ACHIEVE

Good luck to our Year 6 pupils as they take their KS2 SATS tests next week, having a chance to demonstrate some of the skills and knowledge they have learnt in Primary School!

Congratulations to Lexie in Year 6 for achieving her Bronze Award at Kip McGrath Education Centre, achieving over 3,000 points from work completed at home and school.

We were delighted to welcome Mr Brown with two of our former students from Bishop Perowne last week to talk in Year 6 about transition to High School. We are taking part in a National Transition research project with Manchester University to support every child to make a more confident and informed transition to their secondary education. This includes surveying children's views, attitudes, and any worries and teaching specific lessons from Year 5, designed to increase communication and resilience in different situations. These skills and direct teaching will help children ask the right questions and feel more prepared and confident.

Mental Health Awareness Week
May 13-19 2024

Love Learning!

These three amazing children spoke in KS1 assembly about what coeliac disease is and how it has to be managed, educating the next generation to be more understanding and informed about different health needs.

Sports Day:
Wednesday 19th June
KS2 Morning 9.15 a.m. start
KS1 & Reception Afternoon 1.10 p.m. start
