Well done to everyone who entered the House Photography Competition. The theme of 'Portraits' was well received. Congratulations to **City House** for coming in 1st place overall. The theme was chosen by some of our older children after being inspired by a visit to The National Portrait Gallery in London in January.

Children in all year groups, Reception to Year 6, took part in the first ever House Boccia Competition.

Continuing their winning streak, congratulations to **City House** for coming in 1st place overall with 65 points. Children suggested we hold this event after a recent Inclusive Sport event at Regency High School. As part of our oracy mission, we love being able to follow through children's great ideas!
