FRIDAY 21ST MARCH 2025

St Barnabas
CofE Primary School

Attendance Matters

A really big well done to everyone for supporting great school attendance and helping your child to benefit from their education. Every lesson makes a difference and we appreciate your support and partnership. Our attendance is above local and national levels. We want every child to succeed. Thank you!

Thank
you!

For supporting
Red Nose Day

Name	Year	Scientist of the Week!
Bryan Ikhumen Elliot Warrington	Reception	For great enthusiasm in STEM Super investigating in science week 
Cosmin Visan Olivia Stowe	Year 1	For demonstrating his excellent animal knowledge For enthusiasm and interest in science experiments 
Alfie Howden Ramin Dincutoiu	Year 2	For asking fabulous science questions For his incredible animal knowledge 
Ryan Gavrilă William Kenwick	Year 3	For brilliant research and enthusiasm on Roman inventions 
Arabella Hulston Conway Green	Year 4	For her amazing work on the water cycle A super scientific explanation of the water cycle 
Ismail Khan Olivia Smith	Year 5	For using great oracy skills in the parent science workshop Fantastic perseverance whilst at RGS STEM challenge and building albatross wings! 
Andrew Warrington Cole Ameh	Year 6	For superb knowledge & oracy skills when studying microbes For excellent explanations about microbes

Luena Almeida Isabelle Butler	Extreme Reader	For a brilliant turtle inspired by Nicola Davies For a super aquaduct design 

Our whole school Christian value this half term is

forgiveness

Name

Year

Star of the Week!

Week beginning 3rd March

Julian Bullock
Rafi Muzangaza

Reception

For great writing work
For completing all of his work jobs

Isla-Mai Taylor-Haywood
Alfie Pingriff

Year 1

For an amazing effort with all of her work
Great maths work learning greater than and less than

Mihit Patel
Aksel Kells

Year 2

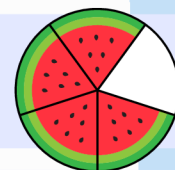

For fantastic problem solving in maths
For a great attitude in writing

Ava Skilton
Freddie Dadge

Year 3

Brilliant fractions work and explanations
For his hard work in English lessons

Arlo Smith
Tomas Ramos

Year 4

For his fantastic effort when using fractions
For brilliant participation in all lessons

Erin Edinborough
Mollie Norman

Year 5

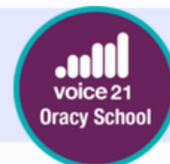

For always having a positive learning attitude
For great participation in lessons

Daisy Knight
Jack Anderson

Year 6

For challenging herself using oracy skills
For a fantastic performance in open The Book

Oliver Knowles
Aaron Curtis-Everitt
Angel Obialor

Sports
Star

Excellent effort in gymnastics
For great gymnastics skills
For brilliant passion in dance

Mia Ferris

School
Artist

Fantastic drawing of a sea turtle

Year 5 Bikeability

Week beginning Monday 17th & 24th March

Early Years Music Festival

Tuesday 25th March at Perdiswell TG Primary School. Reception children

Year 6 and Reception NHS Height & Weight checks

Wednesday 26th March

Year 6 Additional Swimmin Assessment session

Invited children in Y6 only
Wednesday 26th March

Poetry By Heart Parents & Carers Assembly

KS2 Poetry children only
Friday 28th March 10-10.30

Year 5 Mixed Football Event (Teams)

Friday 28th March

Swimming Gala

Science Week 2025

Year 3 and 4 visit The Hive

Year 3 and 4 had a science non-fiction day at The Hive. Make sure you visit again, we're so lucky we have this great library!

What a Super Science week!

It has been a blockbuster week of scientific exploration and discovery in school. We have celebrated British Science Week with our own week of events and lessons.

The theme of this year's Science Week was Change and Adapt and children from Reception to Year 6 have been thinking about change and adaptation in their science.

Whether it be micro organisms in Year 6, the environment and water cycle in Year 4 or plants and growing in Year 1, all children have shown their potential as scientists.

Great work St Barnabas!

Space in Reception

We now have a new bunch of astronauts in Reception - ask your children about space!

What do our science ambassadors say?

"It was good fun helping with the pop-up shop. I loved that the children had so much choice."

"I felt important when I was doing the science assembly. It has been a busy week, I felt like I had a job!"

"Going in to different classes to see the science going on was really interesting. I liked seeing how children's learning changed from Reception to Year 6."

A week of brilliant learning...

Thank you to all our families who joined us in school, supported their children and talked about what we've been up to at home. Our science community is the best!

What our science super star parents say...

(Thank you so much for your support, it is always great to have you in school)

We had such a lovely time. It has been wonderful and so many activities were on offer. I can't wait for the next time!

The St Barnabas team are always warm and welcoming. I'm amazed at all X is learning in school.

It has been lovely interacting with the children and engaging with the experiments. We really enjoyed the water task!

It has been lovely interacting with the children and engaging with the experiments. We really enjoyed the water task!

We really enjoyed all the activities and seeing my daughter's face when she achieved them. Super helpful friendly teachers.

I enjoyed being able to see how my child is doing. My daughter left the session with a massive smile as did I!
