## School of the year

### Runners Up

We were over the moon to have been a TES Awards Primary School of the Year finalist. We didn't win this one but did have an amazing time at the award ceremony. Seeing and hearing our children and staff on the huge screen was a highlight! We want to thank you all for the crossed fingers, well wishes, support and all round greatness.

## COPING IN THE HOT WEATHER

Well done to our families for being so sensible in this current heat wave. There is no doubt that we are going to face more hot periods like this in the future and so helping each other to think about how to cope is key.

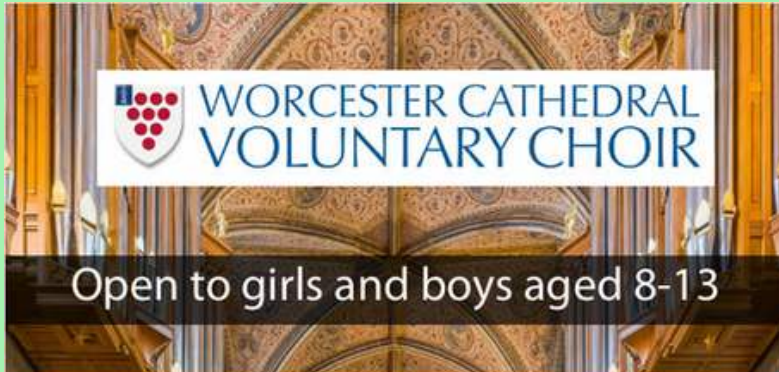

We want to support our working families and those whose homes are challenging in extreme weather and so have made the decision not to close the school entirely. Children in school have done lessons every morning and relaxed afternoons. Please keep safe and do what is right for your child and your family.

# Singing at the Three Counties Show

Our fantastic choir wowed the crowds at the Three Counties Show last week. The children sang a selection of songs and were then treated to a day at the show. A sheep shearing display, show jumping and dancing horses kept the children entertained.
